Ans.

There is no special urgency for the immediate execution of the work. (1923-24) The year is already near its close and it is too late now to start any new work. It has now to be considered whether the work can be carried out from the next year's budget provision.

The work in question is a minor work and the provision for minor works for 1924-25 has just been fixed by finance and the SEs are being asked to furnish distribution of the funds by departmental

heads with details of works. In furnishing the replies the SEs will doubtless consult the Heads of depts and it would therefore be appropriate to return the file to Jud(Police) who may be requested to ask ~~with a view to negotiate to circulate~~ the I.G. of Police to arrange with the SEs Concerned for the inclusion of the work in the next year's demand provision for Minor works.

Ard 6.2.24 Cml 6/2/24

When recommending the estimate for sanction of Govt. after funds are provided the I.G. of Police may be asked to obtain and forward a data statement for calculating the taking account rent of the Police lines ~~after the~~ of the proposed improvements ~~as contemplated~~

Finance (Gen.)

Improvements to the Police lines, Udipi, South Kanara Dt. — Estimated at Rs 3150

The present capital cost of the buildings (Rs. 10,024) is already in excess of the permissible limit (Rs. 6734) and the proposed expenditure (Rs.3150) will still further increase the capital cost. The quarters are occupied rent free.

The proposed improvements (raising the floor levels & the roof & walls) seem, however necessary. In the report accompanying the estimate, it is stated that during the raining season the floors are uninhabitable & that the occupants commonly suffer from pneumonia & rheumatism. Submitted that Finance need not object the proposed expenditure (Rs.3150.) It is stated that provision for the same has been made in the current year's budget under "Minor works".

There is a provision of Rs 6000 as Minor Works-Police — West Coast Dn — p. 152 Civ. budget.
